Pathways to a degree at

ANGLIA RUSKIN UNIVERSITY 2016/17

Cambridge and Chelmsford, United Kingdom

STUDENT GUIDE

Your future starts here

- Anglia Ruskin University is renowned for its quality teaching, academic excellence, outstanding facilities and supportive academic and welfare services.
- CRIC and Anglia Ruskin University offer a full range of Student Support services, including accommodation provision and pastoral support, to ensure that all of our students are looked after and cared for during their time with us.
- An Anglia Ruskin graduate has a nine out of ten chance of getting a job, a better chance than most other graduates of securing a permanent job, and is likely to beat the average graduate salary – all within six months of graduating.*
 - 9 out of 10 of our graduates start their career or further study within the first six months.
 - 3 out of 4 of our students secure professional jobs, outperforming most other graduates.
 - Anglia Ruskin students tend to earn more than other graduates.

* Graduates working or in further study (Destinations of Leavers from Higher Education Institutions, 2013/14).

YOUR PATHWAY TO A DEGREE FROM ANGLIA RUSKIN UNIVERSITY

Cambridge Ruskin International College (CRIC) is part of the global Navitas Group. CRIC offers academic pathways in partnership with Anglia Ruskin University, which lead to undergraduate and postgraduate degree awards. Our unique approach to education transforms students into Anglia Ruskin graduates and lifelong learners. CRIC offer courses on two of Anglia Ruskin University campuses in two exciting cities: Cambridge and Chelmsford.

Welcome

Message from the College Director and Principal, Cambridge Ruskin International College

Thank you for considering CRIC as the College for your studies. We are friendly and welcoming here, whilst completely dedicated to supporting our students in the best way to achieve their degrees at our valued partner, Anglia Ruskin University. Our position in the centre of Cambridge gives our students the opportunity to integrate into one of the most vibrant cities in the United Kingdom. As you can imagine, Cambridge is totally focused on providing students with the finest experience during their undergraduate or postgraduate studies. With an additional campus in Chelmsford, the College offers a broad outlook of UK life and the opportunity to experience differing environments when enrolled on your chosen programme.

Being an associate College of Anglia Ruskin University, we are part of one of the largest universities in eastern England with over 35,000 students from 177 different countries. As a student at CRIC, you benefit from the University's assistance and provision of facilities, as well as the CRIC staff providing their own academic

and well-being support alongside a range of cultural and sporting activities from football to trips to other major cities in the UK. We are proud of the teaching we provide at CRIC, where the students achieve great results and feed back to us how well prepared they are for moving over to Anglia Ruskin University after completing their initial studies at the College. All of our teachers are extremely well qualified and the majority of them also teach at the University.

I hope you choose CRIC and look forward to personally welcoming you at the College. All of our staff will be delighted to see you here at Cambridge or Chelmsford and are available to answer any questions from you, your parents or agents. Just email, telephone or use the live chat on the website to contact us.

I look forward to meeting you in the near future.

Bob Baddeley
College Director and Principal,
Cambridge Ruskin International College

Message from the Vice-Chancellor of Anglia Ruskin University

All of us at Anglia Ruskin University are very proud of our association with CRIC. We fully support the CRIC courses taught across our various campuses because we know they will help aspiring students to achieve success in UK university education.

Our relationship with CRIC presents an extraordinary opportunity for students to study and live on a major campus, either in Cambridge or Chelmsford.

During 150 years, Anglia Ruskin University has offered undergraduate and postgraduate education characterised by breadth and flexibility, as well as academic excellence.

This tradition is strengthened through our relationship with CRIC. Our graduates are expected to display imagination and intellectual rigour, and a practical awareness of industry. These aims are consistent with those of CRIC.

Professor Michael Thorne
Vice-Chancellor, Anglia Ruskin University

"Cambridge is a wonderful city. It hosts so many students every year from around the world. I've had an amazing experience making new friends from different nationalities. Studying at CRIC prepared me well for further education and now I'm in my final year at Anglia Ruskin."

My CRIC: Tugce Apak, Turkey *International Business Management*

Launch your global career at Anglia Ruskin University

Anglia Ruskin University is one of the largest universities in the East of England, with campuses in two of the UK's most exciting cities. Cambridge is one of the most famous academic cities in the world and Chelmsford is just 35 minutes away from London.

Renowned for the employability of its graduates, Anglia Ruskin University is committed to providing its students with the very best career advice from the beginning of their course. In order to enhance employment prospects, the university has created partnerships with some of the UK's most prestigious and successful businesses.

Outside of its record of academic success, Anglia Ruskin University also provides a very welcoming and supportive atmosphere for students. Both Cambridge and Chelmsford offer a relatively small city environment, providing safe surroundings alongside an atmosphere perfectly suited to study.

Here are some of the many reasons students have chosen to study at Anglia Ruskin University:

- **A long history in providing education and internationally recognised degrees:** established in 1858 as the Cambridge School of Art, Anglia Ruskin University provides degrees in over 100 academic areas to over 35,000 full and part-time students.
- **Graduate employment success:** 9 out of 10 of Anglia Ruskin graduates start their career or further study within the first six months.
- **Academics involved in industry:** Anglia Ruskin University teaching staff are involved in or are from the industry related to the subject they teach, keeping you up to date with the latest developments in your academic area.
- **Award winning students:** students regularly win industry awards in events such as the IBM Universities Business Challenge and the National Client Interviewing Competition at the Oxford Institute of Legal Practice. Students from the Cambridge School of Art consistently win top national and international prizes.

- **Employer Mentoring Scheme (EMS):** the University runs an Employer Mentoring Scheme (EMS), matching second-year students with employees from local organisations, who provide business mentoring.
- **Live and study in Cambridge and Chelmsford:** students at Cambridge and Chelmsford live in safe, clean and picturesque environments, enjoying vibrant student lifestyles.

- **Cost of living:** while both cities are close to London, they are more affordable to live and study in. You will need to budget for a minimum of £1,015 per month to cover your living expenses while studying in the UK.†
- **State-of-the-art facilities:** Anglia Ruskin University has spent £122 million in campus buildings and equipment over the past five years. These include forensic crime labs, University Eye Clinic, a mock courtroom, sports science labs and a Bloomberg Trading Floor.
- **Truly international campuses:** 39,400 students from 177 countries choose to study with us in four continents ever year.

* Source: The Destination of Leavers Survey 2012-13, The Higher Education Statistics Agency (HESA), hesa.ac.uk.

† The UK Visa and Immigration require student visa applicants to have a minimum of GBP£820 per month (when studying outside London) to support their living costs for the duration of their studies in the UK.

Strong focus on employability

Anglia Ruskin's Employability Service offers advice on a wide range of topics, helping students make an informed decision about career opportunities, work experience and job vacancies, and preparing for interviews.

Renowned for the employability of its graduates, Anglia Ruskin University is committed to ensuring that students graduate with the complete set of skills that will enable them to find, remain and excel in work. In order to enhance employment prospects, the University has created partnerships with some of the UK's most prestigious and successful businesses.

Some key initiatives at the University that will help put you on the right track:

1. The employer mentoring programme

The scheme is designed to match students at the University with individuals who are working in a relevant job. These mentors make a commitment to help the student gain an understanding of their work environment, its culture, its expectations, its demands and even its frustrations. This programme is open to all second year students.

2. The Employment Bureau

The Employment Bureau is a friendly and professional on-site recruitment agency offering a range of paid temporary and permanent work opportunities for students, graduates and external applicants.

3. Startup@angliaruskin

In partnership with the Students' Union, and in support of ARU's student enterprise agenda, Anglia Ruskin is proud to present its Entrepreneurship Support Programme (ESP) – a series of industry specific events geared towards helping you start your own business. Anglia Ruskin University was voted the Entrepreneurial University of the Year in 2014.

- Medical Centre
- Campus-wide Wifi

Chelmsford campus

CRIC is your pathway to Anglia Ruskin University

Cambridge Ruskin International College (CRIC) is an Associated College of Anglia Ruskin University offering a modern and dynamic educational experience. The college is committed to providing educational pathways and support services in an environment that encourages you to achieve excellence in your studies.

Undergraduate pathways

An undergraduate pathway is a single course comprising four stages of study. When you successfully complete the pathway you will be awarded a Bachelor's (Hons) degree from Anglia Ruskin University.

University Foundation

The University Foundation is Stage 1 of the undergraduate pathway.

The transition from high school to university is a big step, perhaps the most important in your life. Staff at CRIC understand this, and will provide you with ongoing guidance, support, and the knowledge and skills you need. It is this partnership between you and the staff that will make this transition a smooth one.

First Year Degree

The First Year Degree is Stage 2 of the undergraduate pathway. You may qualify to go directly into Stage 2, depending on your qualifications. You will experience the first-year curriculum of an Anglia Ruskin University degree and with extra academic contact hours. The teaching and learning experience will enable you to fully develop your knowledge and understanding of each module to prepare you for Stage 3 (the second year of your chosen degree) and Stage 4 (the final year of your degree).

Postgraduate pathway

A postgraduate pathway is a single course comprising two stages of study; Pre-Master's and Master's. When you successfully complete the pathway you will be awarded a Master's degree from Anglia Ruskin University.

Pre-Master's

The Pre-Master's course is Stage 1 of the postgraduate pathway, and is one semester in duration. It has been designed to prepare students who have not qualified for direct entry to Anglia Ruskin University's Master's degrees, for postgraduate level studies. There are many postgraduate pathways, including the Master of Business Administration (MBA), the Master of Laws (LLM), the Master of Science (MSc) in Engineering Management.

Undertaking a Pre-Master's course will provide you with the time to adjust to the rigorous research and independent study requirements of postgraduate studies and prepare you to get the most out of your Master's studies at the University.

Semester study plans

The undergraduate pathway advantage

CRIC's undergraduate pathway is tailored according to your choice of degree. For example, if you have chosen to do a Bachelor of Science (Honours) in Computing, you will study subjects related to this degree. This will allow you to acquire the necessary background knowledge and study skills to excel in your chosen degree.

While studying your undergraduate pathway you will have access to all of Anglia Ruskin University's modern, well equipped teaching and library facilities, sporting and recreational amenities and on-campus accommodation.

The advantages of a CRIC undergraduate pathway include:

- A seamless transition from school to university: While the initial stages of your university life are the most important, this is often the time when many students can feel lost or anxious. We understand this and have put processes in place to ease the transition from school to university level studies.
- Access to scholarships: When you progress to the second year of your degree (Stage 3) in your undergraduate pathway, Anglia Ruskin University will reduce your course fee by £500.
- Additional study support, English language assistance and unparalleled personalised attention: The extra academic contact hours will not only allow you to fully develop your knowledge and understanding of each module, but will better prepare you for university studies. You will also be studying in small groups, giving you an unmatched level of access to your teachers.

Pathways	Duration	Intakes	Structure	Assessment
University Foundation (Stage 1)	Two semesters (one semester Business Foundation option also available)	September, January and June	This comprises 3-5 modules each semester and includes academic studies in your subject area, as well as skills modules. Each module is tailored towards your chosen undergraduate degree.	Assessment for most modules is continuous, and includes tests, assignments and case study analysis. Most modules have a final examination.
First Year Degree (Stage 2)	Two semesters, covering the first year of your degree	September, January and June	You will undertake modules which mirror the curriculum taught at Anglia Ruskin University and are often taught by staff of the University. You will receive extra support through tutorials, individual consultation with teachers, English language assistance and self-access computer laboratories.	Assessment is via a mix of examination, coursework, essays and other written assignments. Coursework may include problem solving activities, consultancy projects, presentations, business simulations and individual and group reports.
Second Year Degree (Stage 3)	Two semesters, covering the second year of your degree	-	You will undertake four to five modules each semester to further study the key areas within your degree. You will receive extra support through tutorials, individual consultation with teachers, English language assistance and self-access computer laboratories.	Assessment is via a mix of examination, coursework, essays and other written assignments. Coursework may include problem solving activities, consultancy projects, presentations, business simulations and individual and group reports.
Final Year Degree (Stage 4)	Two semesters, covering the final year of your degree	-	You will undertake 60 credits per semester to further study the key areas within your degree. For some degrees, you will be able to specialise or concentrate on a particular stream within a subject area. As with previous semesters, you will receive extra support through tutorials, individual consultation with academic staff, English language assistance and self-access computer laboratories.	Assessment is via a mix of examination, assignments, group work and presentations, practical and laboratory work (for science based degrees), in-class group projects and a final dissertation.

Your student life on campus

CRIC is committed to helping you achieve your goals by providing you with all the support services you need. As a CRIC student, you will have access to both CRIC and Anglia Ruskin University student services.

Services available at CRIC

CRIC encourages you to use all the support services available and to contact our friendly staff for advice and assistance whenever you need it. Remember, we are here to help you achieve success within your chosen pathway of study.

The Student Support team looks after all our students' needs, including:

- academic performance monitoring
- Students in Jeopardy programme
- attendance monitoring
- disability support
- English language support
- enrolment in your pathway
- learning support
- orientation programmes
- registration with Anglia Ruskin University
- registration with CRIC
- social activities
- student welfare
- study skills training
- 24/7 emergency assistance

Activities at CRIC

If you are interested in getting involved in sports and cultural societies, Anglia Ruskin University is the perfect university for you. Cambridge and Chelmsford offer a wide range of recreational and sporting facilities that you can use, including cricket pitches, sports halls and gyms.

Being part of sports and cultural societies while you are at Anglia Ruskin University will open up many social and career opportunities for you. We encourage our students to participate in such activities as much as possible.

Clubs and societies on campus

Your academic calendar

University Foundation, First Year Degree and Pre-Master's

	June 2016 intake	September 2016 intake	January 2017 intake	June 2017 intake
Enrolment and registration	25 May	19 September	30 January	5 June
Study starts (Start of teaching)	31 May	26 September	6 February	12 June
Study ends (End of examinations)	19 August	23 December	12-26 May	1 September

A young man with short dark hair, smiling broadly, wearing a brown quilted leather jacket over a white t-shirt and a blue scarf. He is standing outdoors in front of a building with large windows and a metal railing. The background is slightly blurred, showing a modern building facade.

"From airport pick-up until the time you finish, CRIC is always there for you. CRIC and Anglia Ruskin have a high record of employment and Cambridge is a beautiful place with great opportunities."

My CRIC: Nigel Makina, Zimbabwe International Business Management

Your life in Cambridge: a student city like no other

Cambridge attracts those who desire both the experience of the old and the excitement of the new. Its beautiful gothic architecture, main attractions within walking distance, rich history, lush botanic gardens and the tranquil River Cam make it one of the UK's most visited cities. With its large student population, Cambridge offers far more than just scenery.

The city has a fantastic selection of cafés, restaurants, pubs, trendy high street shops, popular music venues such as The Junction and the Corn Exchange, plus nightclubs, where international and local acts make regular appearances. There is also a thriving cultural scene, with venues offering exhibitions, plays and concerts. Cambridge was voted the best UK city for culture at the 2014 Condé Nast travel awards.

Cambridge is well known for its love of sport including cricket, football, rowing, rugby and tennis. Students can join the friendly locals at any of the open green spaces in the city centre, such as Jesus Green, for a game of football.

As well as being home to some of the world's greatest intellects, Cambridge is also recognised as a centre of technological innovation, due to the growth of the local high-tech industry.

For more information, go to visitcambridge.org.

Cost of living

The UK government estimate that you will require £1,015 per calendar month of your studies for living expenses. In the average academic year (two semesters) the total estimated living costs will be £9,135. Please remember that your cost of living will vary according to your lifestyle.

FAST FACTS

Population	113,000
County	Cambridgeshire
Currency	UK Sterling (£)

Climate

Cambridge experiences a climate similar to almost all of the United Kingdom, classified as a temperate maritime climate, with average maximum temperatures in summer (July) being around 21.5 °C (70.7 °F); and in winter (January) around 6.5 °C (43.7 °F).

Season	Period	Average daily temperature
Winter	December to February	5 °C to 9 °C
Spring	March to May	6 °C to 18 °C
Summer	June to August	13 °C to 23 °C
Autumn	September to November	8 °C to 20 °C

CAMBRIDGE

Your life in Chelmsford: 35 minutes from London

Just a 35 minute train ride away from London, Chelmsford is a lively, vibrant city in the historical county of Essex.

Having been awarded city status in 2012, Chelmsford has everything that is expected of a 21st Century city, set within a modern environment full of charm and character. The famous V Festival is held in Chelmsford's Hylands Park, and in 2014 featured acts such as Justin Timberlake, Example, The Killers, Ed Sheeran and Rita Ora.

Chelmsford also has numerous theatres, an eight-screen cinema, great nightclubs and cosy pubs, all found in the high street and west end areas of the city. Shopping venues include High Chelmer and Meadows shopping centres and a daily indoor market.

Chelmsford has golf courses, rugby and hockey clubs, as well as the Riverside Ice and Leisure Centre. Essex County Cricket Club plays frequent matches during the season and its grounds are within walking distance of the bus and railway stations.

Anglia Ruskin University's modern campus is set in the lush green Rivermead area of Chelmsford, a short walk from the city centre. It has a wealth of industry-leading facilities, including the new Health and Social Care building with state-of-the-art medical equipment and facilities. It also has a fully equipped gym.

The campus is home to the Lord Ashcroft International Business School (LAIBS), one of the largest business schools in the UK's eastern region. LAIBS is well recognised by students, employers and professional bodies as a vital centre for business education and training.

The Marconi Building, the result of a £15 million investment, houses the Faculties of Science and Technology, Arts, Law and Social Sciences. Facilities include an amphitheatre, a mock law court, a new engineering building and a 150 seat lecture theatre.

"At CRIC I found great staff, excellent teachers and a gorgeous environment. You can meet people from everywhere in the world and learn about their culture. My experience with CRIC has been fantastic so far."

My CRIC: Adrey Carvalho, Portugal Sports Science

Postgraduate pathways at Anglia Ruskin University

The postgraduate pathway advantage

A CRIC postgraduate pathway provides you with valuable insight into postgraduate-level studies in the UK. Most importantly, it will equip you with the appropriate knowledge and skills you need to excel in your chosen taught master's degree.

The postgraduate pathway is designed for students from a variety of backgrounds who:

- come from a different academic environment to that of the UK

- have been away from studies for a period of time
- are looking to fine-tune skills already gained during undergraduate studies, employment or both.

If you fall into any of the above categories, choosing the postgraduate pathway at CRIC is the right decision.

The Pre-Master's pathway will prepare you for future postgraduate studies by giving you confidence and expertise in areas relevant to your taught master's degree.

You will:

- develop your fundamental knowledge and understanding of the basic principles relevant to your chosen degree
- develop basic numerical techniques, research methodologies and ICT, presentation and communication skills
- gain a competent set of transferable skills that will help you in your academic studies and future career, and enable you to make informed decisions
- attain the necessary level of language competence specific to your chosen field of study.

Pathways	Duration	Intakes	Structure	Assessment
Pre-Master's (Stage 1)	One semester	September, January and June	While studying at CRIC, students will cover a series of modules that will prepare them for a seamless progression to their chosen taught master's degree. All modules include core academic skills relevant to postgraduate study.	Assessment for most modules is continuous, and includes tests, assignments and a dissertation. Most modules have a final two-hour examination.
Master's (Stage 2)	One year – 18 months	September and January	The Master's (Stage 2) offers students the chance to build on what they have learned during the Pre-Master's and extend their professional understanding about their relevant area of study. A taught master's degree usually consists of a series of specialist modules in structured class, seminar or tutorial formats. A research thesis component may be included, but is much shorter than what is required for a master's degree by research. However, most taught masters' degrees will have a final major project or dissertation component.	Modules will be assessed via exams, assignments, essays, or seminar performance (group or individual presentations). Assessment may also include projects that can be completed either as part of a group or individually. For most Masters' degrees, preparing and submitting a major project or dissertation will form a large part of the assessment and final grade.

Postgraduate pathway

Employment and career options

Accounting and finance; arts project management; business analysis; business consulting; construction management; construction project management; corporate law; creative design management; diplomacy; economics; engineering management; entrepreneurship; human resource management; international trade; international trade law; IT management; logistics, marketing management; project management.

[†] Course has additional entry requirements of two years' work experience.

[‡] Course has additional entry requirements of a relevant bachelor's degree.

All CRIC course fees may be subject to review. Current fees are listed at anglia.ac.uk/cric.

Accommodation

During your studies, we want you to be as comfortable and happy as possible. Choosing the right accommodation for your stay will help to create an enjoyable learning environment for you and your fellow students.

CRIC offers a variety of accommodation options. It's important that you spend some time thinking about which is the right choice for you.

In Cambridge we offer accommodation in:

- CB1 (Anglia Ruskin University hall of residence)
- Peter Taylor House (Anglia Ruskin University hall of residence)
- Host family accommodation through homestay consultancy.

In Chelmsford we offer accommodation in Ransomes Way student village.

In this guide we list the advantages and disadvantages of each option. Read each section carefully and take advice from your family and friends. The following questions and answers may also help with your decision.

When should I book my accommodation?

We strongly advise that you book your accommodation as soon as you accept your offer of admission at CRIC. We only have a limited number of rooms available and we work on the basis of first come, first served.

How do I book my preferred accommodation?

Once you have accepted your offer of admission, the CRIC team will send you an application for accommodation form. You will need to complete this and return it as soon as possible to the Student Services Manager, at accommodation@cric-uk.co.uk.

When do I have to pay and how much will it cost?

For Peter Taylor House, CB1 and Ransomes Way accommodation you will also need to make a deposit of £1000 (international

or £300 (UK/EU) and then pay the remaining accommodation fee before you arrive at CRIC. We are unable to give any student access to a room without the full semester fees being paid. For host family accommodation you will need to ensure the full fees are paid in advance of arriving.

Please check the following accommodation sections for price details.

What happens if I can't have my first choice?

If your preference as specified on the application for accommodation form is not available, we will try to provide alternative accommodation that meets your needs as closely as possible.

I'm under 18 years of age. What accommodation options are available to me?

If you're younger than 18, you must stay with one of our host families in homestay accommodation. In a homestay, you live with a typical British family in their house. Please contact us at accommodation@cric.anglia.ac.uk for information on homestays.

"Since I came to Cambridge Ruskin International College, I have had a major positive change in my life. I have not only excelled academically, right from my first semester, but I'm also involved in various student activities in the college."

My CRIC: Evalyn Oloo, Kenya, *Psychology and Criminology*

"I have some great teachers here, and all the academic staff at CRIC are friendly and supportive. It's a really fantastic place to learn."

English language requirements

The language of instruction at CRIC is English. To attain entry into the undergraduate or postgraduate pathway, you must be able to demonstrate you have a suitable level of English proficiency. The English requirement for all CRIC courses is: IELTS overall score of 5.5 (with at least 5.5 in each of the four components).

If you do not meet our English language requirements, you can receive the English language tuition you need to prepare you for successful entry into your degree pathway. The English language training is conducted by Anglia Ruskin University's Language Services Unit (LSU).

Pre-sessional English Course

The pre-sessional course focuses on English Language, including grammar and vocabulary, fluency, and pronunciation and academic skills, including presentation skills, reading and listening, writing and exam preparation. All classes will be taught in the context of academic study in a university environment.

The number of weeks you require is dependent on your current English results. Please refer to the table below for guidance.

For English start dates, please contact us directly.

Course Length	Minimum IELTS band score
20 weeks	Overall 4.0 (min 4.0 in all)
15 weeks	4.5 (min 4.5 in W, 4.0 in LRS)
12 weeks	5.0 (4.5 in all)
10 weeks	5.5 (min 5.0 in W, 4.5 in LRS)
5 weeks	5.5 (min 5.0 in all)

Academic entry requirements

If your country is not listed, please visit anglia.ac.uk/cric or contact the CRIC Admission Office by emailing admissions@cric.anglia.ac.uk.

* Student can apply for Student Finance England

Navitas bursaries and scholarships

Navitas family bursaries

Navitas offers financial support in the form of family bursaries. A bursary applies where two or more students from the same family study with a Navitas member institution.*

The bursary is equivalent to 10 percent of the tuition fee of your programme of study.†

Navitas academic merit scholarships

Navitas is committed to helping you achieve your career goals by offering scholarships to outstanding students.

Each term, Navitas colleges* award two students with academic merit scholarships. For more information, talk to an Advisor at your college about how to apply for a merit scholarship or visit individual college websites and search for 'scholarships and bursaries'.

Progression Scholarship

All students who successfully complete their CRIC studies will be awarded a £500 scholarship off their Anglia Ruskin tuition fees.

Early payment discount

Students who pay their fees before a set date will be awarded a further £400 discount off their Anglia Ruskin tuition fees.

* The Navitas family bursary and academic merit scholarships are offered to students studying at ACBT, La Trobe University Sydney Campus, AUSI, BCUIC, Curtin College, Curtin University Sydney, Curtin Singapore, CRIC, EIBT, EIC, Eynesbury, FIC, HIC, ICM, ICP, ICRGU, ICWS, La Trobe Melbourne, LBIC, Macquarie City Campus, MIBT, MIBT Indonesia, Navitas at FAU, Navitas at UMass Boston, Navitas at UMass Dartmouth, Navitas at UMass Lowell, Navitas at WKU, Navitas at UNH, NIC, PIBT, PUIC, QIBT, SAIBT, SIBT and UCIC only.

† Certificate programmes may also be known or registered as Foundation Studies or University Transfer Programme Stage I. Diploma programmes may also be known or registered as Undergraduate Pathway, University Transfer Programme (UTP), University Transfer Programme Stage II, University Pathways Programme.

‡ The Navitas bursary is not applicable to any English language programme or any component of an English language programme offered by a Navitas member institution.

§ The supporting documentation that is required will depend on the country where the student is enrolled.

** Navitas academic merit awards are offered to students studying in the UK at CRIC, EIC, HIC, ICP, ICRGU, ICWS, LBIC, PUIC and BCUIC only. This information is correct as at the time of printing and may be subject to change without notice or at the discretion of Navitas member institutions or Navitas Limited.

Education for your world

Navitas provides you with the education you need, to get where you want to be in life. From English language skills and courses to help you enter university, to training for the workplace, Navitas colleges and campuses in 28 countries will support you every step of the way.

With over 120 Navitas and SAE Institution locations across the globe, and over 80,000 students currently studying with us, we understand the world's learning needs. We've become one of the most trusted providers of education and training in the world.

Navitas offers to students, professionals and migrants from around the world, the following opportunities:

- English language training
- High school studies
- University preparation and programmes
- Post-secondary education for creative media technology
- Career advancement programmes
- Student recruitment
- Internship programmes
- Migrant settlement services

We also offer customised workplace training for companies, and a range of training and settlement services for the Australian Government. Wherever you are, and wherever you want to be, the knowledge and resources of our staff around the world will ensure your success.
